doors and openings

PHANTOM™
SCREENS

Features and specification

Screen size

HEIGHT	SINGLE WIDTH	DOUBLE WIDTH
2m–2.38m (81 3/16"–93 11/16")	2m (78 3/4")	4m (157 1/2")
2.38m–2.8m (93 1/4"–110 1/4")	1.3m (51 3/16")	2.6m (102 3/8")

Each screen is custom-fit and installed by experienced professionals.

Stock colours

Available from our UK warehouse.

Special colours and colour matching

We can manufacture screens for you in any colour to match your home's interior colour scheme. Either tell us the RAL or BS paint colour reference, if you know it, or provide a sample of the colour for us to match.

Wood grain screens

We currently have 6 standard wood grain finishes (light oak, golden oak, mahogany, elm, cherry wood and rose wood), but we can also provide a matching service, from a wider selection of wood grain finishes if required.

Application options

- Single and double oversized doors
- In-swing and out-swing doors
- Oversized openings
- Bi-folding doors

Circulate the fresh air and let in that cool summer breeze without any nuisance insects coming into your home. Phantom Screens provide an innovative way to cool your home whilst enhancing privacy and protection from insects and the sun. Experience an enriched indoor/outdoor living experience. A Distinction will allow you to have your lights on as the sun fades and keep out the moths and flies. Distinction Screens are flexible, reliable and an innovative solution for screening large opening or bi-folding doors.

Features and benefits

- Screens are discreet, remain out of sight until needed and blend seamlessly with your décor
- Allows full ventilation and fresh air circulation
- Keeps insects out and away from areas of relaxation and food preparation.
- Protects from harmful UV rays
- Low profile bottom rail that blends into your opening or door
- Restores full views without obstruction of bi-folding door frames
- Durable pleated mesh technology
- Low maintenance with an easy clean design
- Easy to use with smooth and safe operation
- Assembly and Installation by experienced professionals ensures superior quality
- Limited Lifetime Warranty guarantees peace of mind*

*(excluding mesh & tension wire)

Components

- Slide bar, housing and track made from high quality aluminium
- Wire tension system keeps mesh tight
- Full length, built-in strip magnets secure screens
- Sturdy, UV resistant fittings
- Polyester mesh ensures enhanced durability
